

Meet Mrs Ivers

Contact Me:

I am so excited about a new school year and meeting new students! In addition to teaching at Main Dunstable, I have also taught at Charlotte Ave and Pennichuck Middle School. I have been teaching for over 20 years! I have taught sixth grade for five years so I know all about middle school and will make sure you are prepared for the exciting years ahead. My husband also teaches in Nashua at Nashua High School North. We have three amazing children. We spend much of our time at the hockey rink since all of our children play hockey, but we also enjoy traveling, reading, going to the theater, and enjoying movies! I am so excited to learn about each of you. We are going to have an amazing year!
